Online Immunization Education Module (for Immunization Exemption)

- In order to successfully move through this Online Module and obtain the Certificate, you must review the “[Technical Guidance and Troubleshooting Document](#)”
- We do **not** recommend using a mobile device to complete the course and form.
- The Online Immunization Education Module is available 24 hours a day and seven days a week. It can take approximately 20 minutes to complete.
- At the completion of the module, you will be able to complete an electronic form to obtain a Certificate of nonmedical exemption. You can complete this form for more than one child without having to retake the course.
- **IMPORTANT:** Certificates of Nonmedical Exemption expire each year on June 30th. If you submit a Certificate of nonmedical exemption on or before June 30th, it will not be valid for the upcoming school year unless you submit the Certificate during early registration.
